ON THE ISLAND OF PANAY

LADRONES ATTACK THE TOWN
OF ISAJAY AND KILL THIR-
TEEN RESIDENTS.

Manila, Oct. 12.—Lieutenant Velasquez, with thirty men of the constabulary, were attacked recently by 500 head hunters of Nueva Viscaya, and lost two men, after killing fifty-three and wounding a large number of the head hunters. The enemy were armed with rifles and bolos.

The constabulary, under command of Velasquez, are reported to be suffering from disease similar to cholera.

Eight ladrones have just been sentenced here to be hanged and two to twenty-five years' imprisonment by Judge H. Sweeney. These men were captured in Bulacan and other provinces of Luzon adjacent to Manila.

A second body of ladrones are in the island of Panay, where they have attacked the town of Isajay and killed thirteen of the inhabitants. There is only a small police force there.

SEVEN DEAD INDIANS.

Drunken Row on Blackfoot Reservation Ends in Wholesale Murder.

Browning, Mont., Oct. 12.—Seven persons have been killed and two wounded during a drunken row on the Blackfoot Indian reservation near here. The dead are Wakes-Up-Last, wife and three children; Mrs. Susan Big Road and Mrs. Little Plume. The wounded are Alice Big Road, shot in the leg, will recover; J. Little Plume, throat and arm cut, recovery doubtful.

A number of Indians secured a quantity of whisky Sunday night and started on a big spree. In some manner Wakes-Up-Last became engaged in a row with the rest of the party. During the altercation one Indian was slightly wounded.

Wakes-Up-Last shortly afterward

went to bed. Later in the night six friends of the wounded man determined to kill Wakes-Up-Last, although it is by no means certain that he was the wounded Indian's assailant.

Wakes-Up-Last was shot through the head while in bed. His wife awoke and started to run from the house with her youngest child, when the Indians rushed at her and, placing a revolver against the child's head, fired, killing mother and child with one shot. The other two children were shot through the head. Mrs. Susan Big Road was shot through the head. Mrs. Little Plume's throat was cut from ear to ear.

Four arrests have been made.

AWAITED WITH INTEREST.

Details of Austro-Russian Reform Schemes.

Sofia, Bulgaria, Oct. 12.—The details of the new Austro-Russian reform schemes are awaited here with the greatest interest. A dispatch from Constantinople said that the Austrian and Russian ambassadors would present their proposals to the porte Monday.

The government here is taking the strictest precautions to prevent insurgents from crossing the frontier. One band is reported to have been fired on by Bulgarian troops near Rila Monday while trying to assist a crowd of fugitives who were being pursued by the Turks. This incident is considered to be evidence of the government's correct intention.

Desperate fighting is reported to have taken place at Seditz in the district of Dibra, on Oct. 5. Three bands engaged a body of 600 Turks and lost 25 men. After several hours fighting Boris Sarafoff, with reinforcements of 600 insurgents, arrived on the scene and killed all save forty of the Turks.

INHALE ILLUMINATING GAS.

Milwaukee Man and His Wife Commit Suicide.

Milwaukee, Oct. 12.—Bernard and Anna Schultz, husband and wife, committed suicide last night at their home, 1400 Sixth street, by inhaling illuminating gas. Continued ill health, which had discouraged both, is the reason ascribed by their friends for the act.

Due to Chain Gang System.

Cincinnati, Oct. 12.—Dr. W. P. Thirkield, corresponding secretary of the Methodist Freedman's Aid and Southern Educational society, Monday in delivering the opening address of the Evangelical alliance, charged that the outrages of negroes in the South was due to the chain gang prison system.

CZAR'S VISIT TO ROME

POSTPONED OWING TO CIRCUM-
STANCES OVER WHICH HE
HAS NO CONTROL.

SITUATION NOT SO STRAINED

BUT THE GENERAL TREND OF
EVENTS DISTINCTLY POINTS
TOWARDS A CLASH.

London, Oct. 12.—The peculiar official explanation of the postponement of the czar's visit to Rome, "owing to circumstances over which he has no control," is interpreted in some quarters to mean that the threatening outlook in the far Eastern affairs calls for the emperor's presence in Russia.

There is no confirmation of the alarmist rumors. At the Japanese legation last night no news had been received of the reported ultimatum.

A dispatch to the Daily Mail from Kobe, Oct. 12, reports that the situation is somewhat easier, but that the tone of the press is distinctly bellicose, whilst the same paper's correspondent at Geneva says that several Russian officers there have been suddenly recalled to join their regiments.

Other special dispatches describe Russian war preparations, etc., and the newspapers, which are intensely interested in the developments owing to the Anglo-Japanese alliance, are already publishing maps and estimates of the naval and military forces of the prospective belligerents and editorializing on the possibilities of the situation. The greatest attention is paid to the changed tone of Baron Hayashi, the Japanese minister in London, who is much less confident that peace will be preserved than he was a week ago.

Do Not Look for War.

Inquiries in Japanese banking, shipping and commercial houses in London, however, elicited expressions of disbelief in the outbreak of war.

It is noteworthy that the king has just approved the appointment of Vice Admiral Sir Gerald Noel as commander-in-chief on the China station. Vice Admiral Noel is an officer of great energy and decision. It was he who cleaned the Turkish troops out of Crete because of an insult to the British flag.

A dispatch from Moscow to the Times dated Oct. 10, states that a large force of Russian troops under orders for the far East are now on their way thither by rail from Khar-koff.

The Russian correspondents of the same paper send quotations from newspaper articles pointing to Russia's intention to remain in occupation of Manchuria and add that it is reported from Vladivostok that as a result of famine in China roving bands of Chinese have crossed into Manchuria, where their presence constitutes a danger to the Manchurian railway and that this necessitates keeping Russian troops in Southern Manchuria for an indefinite period.

RECEIVED WITH RIDICULE.

Statement That Manchurian Convention Has Lapsed.

Yokohama, Oct. 12.—The announcement by M. Lessar, the Russian minister to China, that the Manchurian convention between Russia and China has lapsed is received here with ridicule.

Dispatches from Che Foo report that a Russian warship and a transport with 500 troops left Port Arthur Oct. 4 for Korea. Sixty Japanese civilians left Port Arthur Oct. 10 for Nagasaki.

The Russian forces at New Chwang are reported to have been increased. General Kadama, the Japanese home minister, has been appointed chief assistant to the military staff. The premier will assume General Kodama's portfolio.

The premier and the ministers for war, navy and foreign affairs had a simultaneous audience with the emperor Monday.

Baron von Rosen, the Russian minister, and Baron Komura, the Japanese foreign minister, have not yet had a conference.

MILLS ARE ALL RUNNING.

Minneapolis Strikers Appear to Be Beaten.

Minneapolis, Oct. 12.—While it is apparent that the mill strikers are beaten, it is uncertain that they are aware of it, and they will stand out a while longer.

The conference of T. I. Kidd with the mill owners had no influence in changing the situation, but makes it even uncertain that the strikers are to secure the backing of the American Federation of Labor, of which Mr. Kidd is vice president. At a meeting of the strikers today, this matter will probably be settled.

The millers now have the same number of mills in operation that were running before the strike.

Maryland Storm Subsides.

Ocean City, Md., Oct. 12.—The storm which prevailed here since last Thursday subsided Monday. Reports from neighboring points indicate that the damage was slight. It is estimated that the loss in this city will not exceed \$50,000. No casualties have been reported.

FREIGHT TRAINS IN COLLISION.

Three Men Killed and Three Others Injured.

Kansas City, Oct. 12.—Three men were killed and three others were injured, one seriously, in a collision between Missouri Pacific and Frisco freight trains in the switch yards at St. Louis avenue and Santa Fe street in this city last night.

The dead are: A. L. Johnson, John Murphy, both switchmen; George Kirkpatrick, fireman.

The injured are: Will Austin, R. G. Brandt, and J. E. Ward.

The Frisco train was standing on the crossing when the Missouri Pacific train ran into it, turning over a freight car. This car fell on a crowd of men on the other side of the Frisco train, who were waiting for the Frisco train to pass. The engineer of the Missouri Pacific train says that he got a signal to proceed across the crossing, but it is believed that he momentarily lost control of his engine. R. G. H. Brandt, who was injured, was the engineer of another Missouri Pacific freight which was waiting for the Frisco train to clear the crossing. He had left his engine and joined the other railroad men near the Frisco train when the car was piled upon them. Several men had narrow escapes.

Three men were seriously hurt while watching the wrecking crew work. Nicholas Mathias, a Wabash engineer and Theodore Busch, a Wabash fireman, both of Meherly, Mo., were struck by the crane of a water pipe, Mathias in the forehead and Busch in the back. Artie Hudson, a farmer from Bellwood, Neb., was struck in the face by a heavy piece of wire.

FORTY ARRESTS MADE.

Anarchists and Socialists Clash With Porto Rican Police.

San Juan, P. R., Oct. 12.—Governor Hunt returned here Monday from Ponce, where he attended a banquet in celebration of the extension of American railways in the island. He was everywhere received with demonstrations of confidence and esteem.

During the governor's absence the anti-American socialists and anarchists had a clash with the police on the plaza of this city. Forty arrests were made and many of the prisoners were Monday convicted and sentenced to six months' imprisonment, including the anarchist, Conde, who was recently convicted of insulting the American flag.

The clash was due to the socialists, who attacked the police. The latter ordered the mob to disperse and on meeting with a refusal they used their clubs freely. Americans here are particularly incensed at the carrying of black and red flags and a craped American flag by a mob Sunday as an incitement to disorder. Conde delivered a very offensive harangue, in which he approved of the mob resorting to bloodshed if necessary.

The Americans demand the punishment of all the dangerous socialists and are overwhelming Governor Hunt with assurances of support in a vigorous campaign to uphold law and order. They urge that an immediate death blow be given to anarchy here.

SAVED BY POLICEMEN.

Arthur Warren Has a Narrow Escape From Lynching.

Chicago, Oct. 12.—Arthur Warren, a young man living in the suburb of Berwyn, twelve miles from the city, had a narrow escape from lynching last night, and but for the efforts of two officers it is possible that he would have been hung to a telegraph pole. Warren was accused of assaulting an eight-year-old girl. Acts of this kind have occurred several times in Berwyn within the past fortnight, and the crowd that pursued Warren was highly exasperated. He led them a chase of about a mile before he was caught, and during the run the excitement of the crowd had increased. When Warren was captured he was handled very roughly and a proposition to lynch him met with approval. Two police officers, however, managed to get him away from the crowd and drag him into a grocery store, where they barred the door until assistance arrived from the police station. Warren, who was a badly used up man and required surgical attendance, was finally placed in a cell, although the crowd followed him all the way to the station, trying to get at him.

HEADLESS BODY FOUND.

Public Feeling Against Accused Murderer Intense.

Wausau, Wis., Oct. 12.—The headless body of Edward Smith was found near the village of Edgar and last night public feeling against Arthur Young, accused of murdering him, nearly resulted in a lynching.

Saturday afternoon, while driving, Mr. and Mrs. Henry Gebelein discovered the body of a young man on a sidewalk used in logging operations. A coat covered the head of the corpse. The body was barely identifiable.

The head was separated from the body and the side of the skull was badly fractured. A bullet hole was found in the front and back of the shirt and the hat was gone.

Smith bought a new hat the day of his disappearance and this Arthur Young, the accused murderer, was wearing at the time of his arrest. Smith was known to have \$100 at the time of leaving Athens, Oct. 10, and was found in his watch pocket at the time the body was discovered.

FAREWELL TO AN OLD FRIEND

P. K. Johnson Writes Touchingly of the Death of His Old Friend the Late C. P. Wright.

"MR. EDITOR: Another 'old timer' is dead. Mr. C. P. Wright, eighty-two years of age, tired and worn with the cares and labor of life, calmly and peacefully yielded to the summons of the Great Commander—passed over the river. I know the younger generation look upon the death of an octogenarian as but a passing event; but with those of us, who like him, lived and recall the events of sixty or seventy years ago, the parting is different, very different. Almost daily during the past two years I have visited him, talking over old times and commenting on present events. He was a grand old man. Generous, charitable in his criticism, conscious of having lived up to the teachings of doing right and trying to do good. I shall miss him; and to my companion in years gone by let me say, farewell, old friend, farewell.

P. K. JOHNSON.

Fair tonight and Wednesday. Cooler.

THE New York American claims to have discovered that the Northern Securities Co., is a gigantic gold brick game. That while it was ostensibly formed to control the stock of the Northern Pacific, Great Northern and the Burlington system, it actually owns and controls only the Northern Pacific. This the American avers, gives it a better legal standing, as it does not violate the anti-trust act in controlling but one road, but it is a swindle of the stockholders.

THE reports of army officers indicate that the abolishment of the army canteen was a mistake. Drunkenness among the soldiers has increased as well as loss of duty because of venereal diseases caused by the soldiers frequenting low resorts adjacent to army posts instead of the well conducted canteen in the barracks.

BOURKE COCHRAN, the Tammany orator, says the American divorce system is a greater menace to our civilization than polygamy.

WAR between Russia and Japan seems a certainty. The bear will find the little Jap a worthy antagonist.

TRIAL OF JAMES H. TILLMAN.

Arguments to the Jury Begun in Murder Case.

Lexington, S. C., Oct. 13.—Arguments to the jury in the trial of James H. Tillman were begun with the convening of court Monday, three attorneys for the state and two for the defense addressing the jury during the seven hours court was in session. Four attorneys, two on a side, are to be heard today. A larger crowd of spectators was in attendance Monday than has been at any time for several days past, and there was a greater number of ladies in attendance, including Mrs. J. H. Tillman and the mother of the defendant.

LARGE LIVERY STABLE BURNS.

Twenty-two Horses Cremated and Two Firemen Injured.

Sloux Falls, S. D., Oct. 13.—The large livery stable of L. Leavitt, with contents, including twenty-two horses, was destroyed by fire Monday. Loss, \$70,000.

Curiosities of Digestion.

An Augusta gentleman states that he once cured a gastric trouble by eating at supper a plentiful supply of cucumbers and cold blackberry dumplings, and yet in his case nothing would have seemed more pernicious.

Proctor, the astronomer, suffered from excruciating headaches. He was satisfied that they came from some error of diet, and so he dropped from his bill of fare one thing after another until he concluded that nothing else was left for experimentation. He had forgotten one article, however. It was butter. He abandoned that and ate everything else and never suffered from headaches again to his dying day. Man is wonderfully made, and so is the stomach. Remedies for dyspepsia are numerous. You may pay your money and take your choice.—Augusta Chronicle.

One of Men Arrested for Assaulting Ex-Policeman Preston and Held has Flown.

HIS RATHER QUEER ACTIONS

Just Before His Disappearance has Led Some to Believe he Committed Suicide.

Ed. Traver, familiarly known as "Hinky Dink" among the men working at the Northern Pacific foundry is missing.

It will be remembered that he was one of the men mixed up in the row when Ex-policeman Preston was assaulted in East Brainerd, and after his arrest and subsequent hearing he was held to the grand jury. Some of his friends furnished bonds and now they are said to be on the anxious seat.

The disappearance of Traver would not seem so strange if it were not for the fact that the circumstances surrounding his disappearance were so queer. Last Monday he and a William McChesney were going out hunting. Traver had been drinking pretty hard and when out a short distance he is said to have been taken with the tremens and jumped from the wagon and flew into the woods. Since that time he has not been seen.

Confession of a Priest.

NATURE'S OWN CURE.

Hyomei Cures Catarrh Without Dangerous Drugging of the Stomach.

Not until Hyomei was discovered has it been possible to truthfully say that a remedy for catarrh was known.

This remedy is breathed through the Hyomei inhaler for a few minutes four times a day, and during that time every particle of air taken in to the air passages and lungs is impregnated with the germ killing and health giving Hyomei. It is the only treatment that cures catarrh.

Stomach drugging often causes disordered digestion or brings on some other diseases and never makes a permanent cure of catarrh. Hyomei not only kills the germ in the throat and nose but penetrates to the minutest air cells in the lungs and enters the blood with the oxygen, killing the germs in the blood. It frees the mucous membrane from poisonous microbes and gives perfect health.

A complete outfit costs but \$1.00 and includes an inhaler, dropper and sufficient Hyomei for several weeks treatment.

H. P. Dunn & Co. have so much faith in the merit of Hyomei that they agree to return the money to any purchaser who may be dissatisfied.

PROMINENT SPEAKERS PRESENT.

Chicago Day Celebrated With Banquets by Two Clubs.

Chicago, Oct. 1.—Chicago day was celebrated last night with banquets by the Marquette and Lakeside clubs at which prominent speakers from various parts of the country were present. At the Marquette club the principal speakers were Frank S. Black, former governor of New York; Governor Winfield T. Durbin of Indiana; Governor Samuel R. Van Sant of Minnesota and Judge Peter S. Grosscup of the United States circuit court.

Many topics were discussed, all of which met the hearty approval of the 250 banquetters present. George R. Peck of Chicago was toastmaster.

Ex-Governor Black responded to the toast "Partisanship." "The American Spirit" was the subject discussed by Governor Durbin; Judge Grosscup responded to the toast "Incorporated Dishonesty." Governor Van Sant's topic was "The Great Northwest."

Among others who spoke was Frank O. Lowden of Chicago. The principal speakers at the Lakeside club banquet were States Attorney Charles S. Dineen, Judge Orrin N. Carter and Rev. R. A. White of this city.

MAYOR LOW LAUDS GROUT.

But Says Tammany Would Limit His Usefulness.

New York, Oct. 1.—There was no change in the aspect of the political campaign Friday. Mayor Low gave out his promised letter of acceptance in which he lauds Mr. Grout's administration as controller, but remarks that "Tammany Hall permits no man the opportunity for such untrammelled service as Mr. Grout has been heretofore able to give."

Mr. Hinrichs and Mr. McGuire, the fusion candidates for comptroller and aldermanic president, were notified of their nominations and made addresses of acceptance.

Certificates of nominations were filed last night at the bureau of elections by the five regular political parties.

Owing to the storm and floods the registration for the first day was very light.

DUEL ON THE STREET.

St. Louis Policemen and a Crowd of Negroes Have a Fight.

St. Louis, Oct. 1.—A street duel Sunday between two policemen and several negroes resulted in the probable fatal shooting of Policeman Edward Rice and Samuel Newby, a negro.

The policemen were attempting to arrest Allen Newby, Samuel's brother, on a charge preferred by Ella Fishback, a colored woman, when friends rallied to Newby's assistance and opened fire. In all, about thirty shots were fired. Then the negroes ran, and Rice and Samuel Newby were found lying on the ground, probably fatally wounded.

NEVER MET DEFEAT.

Military Leaders Who Were Always Successful in Battle.

The Duke of Alva, one of the most eminent soldiers of the sixteenth century, never throughout his long and eventful career lost a battle. The archbishop of Cologne was struck by his effort to avoid a conflict, having on one occasion urged him to engage the Dutch.

"The object of a general," replied Alva, "is not to fight, but to conquer. He fights enough who obtains the victory."

Oliver Cromwell throughout his military career never lost a battle, though he nearly sustained a reverse at Dunbar.

The Duke of Marlborough fought several battles against the most experienced generals in Europe and was never once defeated.

The famous Russian general Suvaroff was another commander destined never to suffer defeat. He gained several victories against the Turks and against the Poles, and in Italy he was opposed by Moreau, and, being completely outnumbered, he effected a brilliant retreat over the mountains of Switzerland, through Germany, into Russia.

The Duke of Wellington throughout his brilliant campaigns, both in India and in the peninsula, preserved to himself a remarkable record of uninterrupted successes from the first battle in which he was vested with supreme command throughout the peninsula war, in which he defeated the ablest of Napoleon's marshals, until the eventful day at Waterloo.

An Unavailing Rain Penance.

No country subject to drought is without its own peculiar method of supplicating for rain. That in Kumaon, northern India, is not the least curious of them.

In a country where the population is almost entirely dependent upon grain as a means of subsistence drought means famine and starvation. Dugug a drought in Kumaon a Hindoo fakir imposed a penance on himself and was suspended by his feet from a wooden beam. In this position he was swung back and forth for a considerable time by means of a rope attached to his body and pulled by a fellow fakir. Both men were besprinkled with ashes and mud and were minus all clothing except for a small cloth around the waist.

It is to be regretted that such pious zeal should have gone without the expected reward, for the chronicler sadly related that no rain fell until weeks after.

A Host of Reporters.

It is said that a reporter who had been assigned to talk with an American millionaire on an important question was repeatedly refused admittance to his house. Then he sought out a senator who was a personal friend of the millionaire and petitioned for his aid. Armed with the senator's card, he returned to the millionaire's house and sent in his talisman. This time he was admitted.

"Young man," said the millionaire, "do you know that sixteen reporters have called upon me today about this very question and that I have refused to see them all?"

"I ought to know it, sir," responded the visitor, "for I am the whole sixteen."

Quaker Paraphrases.

A book on Nantucket contains some stories that are well known to lovers of the good old town, but may not have been widely repeated. One of them hangs on the Quaker custom of numbering the months and the days of the week instead of using the profane mythological names.

A Quaker schoolmaster set this copy on the blackboard for his writing class:

Beauty faded soon,
Like a rose in sixth month.

It was probably the same man who read to his scholars about Robinson Crusoe and his good man "Sixth Day."

Sold Him His Own Book.

A man appeared in a Paris bookstore the other day and asked for a volume of Balzac. The clerk showed him a rare edition, asking 40 francs for it. When the customer said that was too much the clerk advised him to go into the proprietor's office and see if he could get it cheaper. But the customer went and offered it for 25 francs, and the proprietor promptly paid the sum and afterward showed his "bargain" to the clerk.

Wouldn't Be Swindled.

Mrs. Newed—I would like a pound of your best cheese.

Grocer—Yes, ma'am.

Mrs. Newed (examining it)—Why, this cheese is full of holes!

Grocer—Yes, ma'am; that's the way it comes.

Mrs. Newed—Well, I don't want any of it. I'm not going to pay for a pound of cheese that contains a half pound of holes!

Taking Away From the Subject.

When Frederick Robertson of Brighton, the great preacher who had written much about Tennyson's poems and for whom the poet had a high regard, first called upon him, "I felt," said Tennyson, "as if he had come to pluck out the heart of my mystery, so I talked to him about nothing but beer."

Quite Deliberate.

"I am glad to say," remarked Mr. Seekton, "that I never spoke a hasty word to you."

"No, Leonidas," answered his wife rather gently; "I'm willing to give you credit for not hurrying about anything."

THE MILKY SEA.

A Curious Sight Occasionally Witnessed in Tropical Waters.

Of the many sights witnessed in the oceans of the globe, one of the most curious and most weird is that described by sailors as "the milky sea," ships being surrounded for several hours by water that appears to be a snowy whiteness. The spectacle is restricted to the darkness of night and rare occasions, and, while it is limited mainly to the warmer waters of the tropical belt, it appears to be more common in the Indian ocean than in the Atlantic and Pacific. From the white water the light is so strong that ordinary newspaper print can be read on board ship, but the scene all round is of an awe inspiring description. The horizon is blotted out, sea and sky seem to become one in a sort of universal luminous fog, which, like a London fog, robs the observer of the sense of distance and direction, the deck being lit up with a ghastly, shadowy light. Once off the west coast of South America a bucket of the white water emptied back into the sea resembled molten lead. This curious sight has interested scientific investigators, but while it is no doubt related to the many phosphorescent displays common at sea there is no sufficient explanation forthcoming of this particular manifestation or of the singular atmospheric effects resulting from it.

Charles V. at Table.

Emperor Charles V. of Austria, by far the most powerful ruler of his day, was thus described as he appeared at table by Roger Ascham, secretary to the English ambassador, in 1550: "I stood hard by the emperor's table. He had four courses; he had sod beef—very good, roast mutton, baked hare; these he no service in England. The emperor bath a good face, a constant look; he fed well of a capon; I have had a better from mine hostess Barnes many times in my chamber. He and Ferdinand, king of the Romans, ate together very handsomely, carving themselves where they list, without any curiosity. The emperor drank the best that ever I saw; he had his head in the glass five times as long as any of us and never drank less than a good quart at once of Rhenish wine." It was notorious that the emperor ate and drank immoderately, and as a natural result he suffered terribly from gout from the time he was thirty years old.

The Arabic Language.

There is no language more poetical than the Arabic language, where snow is called "hair of the mountain" and the rainbow is "bride of the rain." Red mullet is "the sultan of fishes," maidenhair fern is translated by "little cane of the well." Ordinary Arabic words show an extraordinary gift of description. The word for secretly means literally "under the matting" and never is expressed thus: "When the charcoal takes root and the salt buds." Uncontrolled ascendancy of imagination marks the Arab and endows his nature with a fascination all his own. An outdoor life is his heritage, and the things of nature are a part of himself. Spring he calls "grass," summer is "gleaming," autumn is "fruit," winter is "raining."

A Queer Police Force.

The policemen in Haiti are paid by results. They get capitation fees for all the arrests they make. As they come from the worst class of the population and are under no discipline, it follows that a man is very liable to be arrested in Haiti unless he is willing to pay the policeman more than the capitation fee. As this fee is only 15 cents, the price of freedom is not prohibitive.

If a man objects to paying the fee and says he would rather go before the judge the policeman soon convinces him of the unpleasantness of arrest with a thick club.

A Soft Pack.

A soft pack is the most effective method known for alleviating inflammation and getting rid of irritation in rheumatic gout. To afford relief every night a piece of flannel should be applied. This flannel should be saturated in brine and then wrapped around the affected joint or joints. The flannel should then be covered with a rubber or oil silk bandage. Both should be kept on all night.

Either and Either.

When the friends of the rival claimants of the discovery of anesthesia were proposing monuments for each other Oliver Wendell Holmes suggested that all should unite in erecting a single memorial, with a central group symbolizing painless surgery, a statue of Jackson on one side, a statue of Morton on the other and the inscription beneath, "To Either."

Odd Chinese Custom.

In China a jar placed on the roof of a house with the bottom end toward the street indicates that the daughter of the house is not yet of age to marry. As soon as she has developed into a marriageable maiden the jar is turned with its mouth toward the street. When the young lady gets married the jar is removed altogether.

Cut Out the Bread.

"Idleness is a sin. The good book says that man shall eat bread in the sweat of his face."

"I ain't pertickler about bread, mum. Ji's gimme some meat and a little pie and cake if der's any handy, and I'll git along. I ain't no great bread eater meself, mum."

We Will Buy

A 50c. Bottle of Liquozone and Give it to You to Try.

Liquozone—liquid oxygen—is the only product that can kill germs in the body without killing you. No man knows any other way to destroy the cause of any germ disease.

It is new to America, and millions who need it don't know of it. For that reason we make this remarkable offer. We will buy the first bottle and give it to you if you need it. We will do it willingly, gladly, to convince you at once and forever that Liquezone does kill germs.

We Paid \$100,000

for the rights to Liquezone for the United States. We tested this product for years in the most difficult germ diseases; then we bought these rights for the highest price ever paid for a scientific discovery.

We paid that price because Liquezone does what all the skill in the world cannot do without it. Any drug that kills germs is a poison to you and it cannot be taken internally. The best physicians, the world over, employ Liquezone alone for germ troubles; and any physician who doesn't is almost helpless in any germ disease.

Just Oxygen.

Liquozone is simply liquid oxygen—no drugs, no alcohol in it. It is the discovery of Pauli, the great German chemist, who spent 20 years on it. His object was to get such an excess of oxygen in staple

form into the blood that no germ could live in any membrane or tissue.

Liquozone does that. The results are so certain that we publish on every bottle an offer of \$1,000 for a germ that it cannot kill. Yet oxygen is Nature's greatest tonic—the very source of your vitality. Its effects are exhilarating, purifying, vitalizing. But germs are vegetables; and this excess of oxygen—the very life of an animal—is deadly to vegetable matter.

We spend 14 days in making each bottle of Liquezone, and the result is liquid oxygen—the best thing in the world for you, yet certain destruction to disease germs, wherever the Liquezone-laden blood goes.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

In nervous debility Liquezone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquezone, and have never tried it, please send us this coupon. We will then mail you an order on your local druggist for a full-size bottle, and we will pay your druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquezone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Liquezone costs 50c. and \$1.

MRS. HELENA BLAU,

Young Milwaukee Society Woman.

TEN thousand cured women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blau, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who hold operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the functional organs strong and healthy again.

"Wine of Cardui is certainly 'worn out' women's best friend and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try your medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

Any woman who is silently suffering untold pains because she is too sensitive to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. There is no publicity to deter her. She can take Wine of Cardui in the privacy of her home, with as much assurance of a final cure as though a dozen doctors recommended it. Many physicians do recommend Wine of Cardui to their patients. Why not get a \$1.00 bottle of Wine of Cardui from your druggist today?

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

It was notorious that the emperor ate and drank immoderately, and as a natural result he suffered terribly from gout from the time he was thirty years old.

The Arabic Language.

There is no language more poetical than the Arabic language, where snow is called "hair of the mountain" and the rainbow is "bride of the rain." Red mullet is "the sultan of fishes," maidenhair fern is translated by "little cane of the well." Ordinary Arabic words show an extraordinary gift of description. The word for secretly means literally "under the matting" and never is expressed thus: "When the charcoal takes root and the salt buds." Uncontrolled ascendency of imagination marks the Arab and endows his nature with a fascination all its own. An outdoor life is his heritage, and the things of nature are a part of himself. Spring he calls "grass;" summer is "gleaming;" autumn is "fruit;" winter is "raining."

A Queer Police Force.

The policemen in Haiti are paid by results. They get capitation fees for all the arrests they make. As they come from the worst class of the population and are under no discipline, it follows that a man is very liable to be arrested in Haiti unless he is willing to pay the policeman more than the capitation fee. As this fee is only 15 cents, the price of freedom is not prohibitive.

If a man objects to paying the fee and says he would rather go before the judge the policeman soon convinces him of the unpleasantness of arrest with a thick club.

A Soft Pack.

A soft pack is the most effective method known for alleviating inflammation and getting rid of irritation in rheumatic gout. To afford relief every night a piece of flannel should be applied. This flannel should be saturated in brine and then wrapped around the affected joint or joints. The flannel should then be covered with a rubber or oil silk bandage. Both should be kept on all night.

Ether and Ether.

When the friends of the rival claimants of the discovery of anaesthesia were proposing monuments for each other Oliver Wendell Holmes suggested that all should unite in erecting a single memorial, with a central group symbolizing painless surgery, a statue of Jackson on one side, a statue of Morton on the other and the inscription beneath, "To Ether."

Odd Chinese Custom.

In China a jar placed on the roof of a house with the bottom end toward the street indicates that the daughter of the house is not yet of age to marry. As soon as she has developed into a marriageable maiden the jar is turned with its mouth toward the street. When the young lady gets married the jar is removed altogether.

Cut Out the Bread.

"Idleness is a sin. The good book says that man shall eat bread in the sweat of his face."

"I ain't perticker about bread, mum. Jis' gimme some meat and a little pie and cake if der's any handy, and I'll git along. I ain't no great bread eater meself, mum."

THE MILKY SEA.

A Curious Sight Occasionally Witnessed in Tropical Waters.

Of the many sights witnessed in the oceans of the globe, one of the most curious and most weird is that described by sailors as "the milky sea," ships being surrounded for several hours by water that appears to be a snowy whiteness. The spectacle is restricted to the darkness of night and rare occasions, and, while it is limited mainly to the warmer waters of the tropical belt, it appears to be more common in the Indian ocean than in the Atlantic and Pacific. From the white water the light is so strong that ordinary newspaper print can be read on board ship, but the scene all round is of an awe inspiring description. The horizon is blotted out, sea and sky seem to become one in a sort of universal luminous fog, which, like a London fog, robs the observer of the sense of distance and direction, the deck being lit up with a ghastly, shadowless light. Once off the west coast of South America a bucket of the white water emptied back into the sea resembled molten lead. This curious sight has interested scientific investigators, but while it is no doubt related to the many phosphorescent displays common at sea there is no sufficient explanation forthcoming of this particular manifestation or of the singular atmospheric effects resulting from it.

It is new to America, and millions who need it don't know of it. For that reason we make this remarkable offer. We will buy the first bottle and give it to you if you need it. We will do it willingly, gladly, to convince you at once and forever that Liquezone does kill germs.

We Paid \$100,000

for the rights to Liquezone for the United States. We tested this product for years in the most difficult germ diseases; then we bought these rights for the highest price ever paid for a scientific discovery.

We paid that price because Liquezone does what all the skill in the world cannot do without it. Any drug that kills germs is a poison to you and it cannot be taken internally. The best physicians, the world over, employ Liquezone alone for germ troubles; and any physician who doesn't is almost helpless in any germ disease.

Just Oxygen.

Liquezone is simply liquid oxygen—no drugs, no alcohol in it. It is the discovery of Pauli, the great German chemist, who spent 20 years on it. His object was to get such an excess of oxygen in staple

form into the blood that no germ could live in any membrane or tissue. Liquezone does that. The results are so certain that we publish on every bottle an offer of \$1,000 for a germ that it cannot kill. Yet oxygen is Nature's greatest tonic—the very source of your vitality. Its effects are exhilarating, purifying, vitalizing. But germs are vegetables; and this excess of oxygen—the very life of an animal—is deadly to vegetable matter.

We spend 14 days in making each bottle of Liquezone, and the result is liquid oxygen—the best thing in the world for you, yet certain destruction to disease germs, wherever the Liquezone-laden blood goes.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

Thousand cured women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blau, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

"Wine of Cardui is certainly 'worth out' women's best friend and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try your medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

Why not get a \$1.00 bottle of Wine of Cardui from your druggist today?

COLORADO LANDS

Fine Stock, Dairy and Farming Lands in Eastern Colorado.

15360 ACRES SOLD TO BRAINERD PEOPLE

IN THE PAST THREE WEEKS.

LOCATION.

Cheyenne county Colorado on the Union Pacific Ry., 146 miles directly west of Kansas City, and 165 miles southeast of Denver, the stations of Ascalon and First View being on the land. Thirty to forty miles east of this tract in Kansas are thousands of acres of wheat which yielded 30 to 40 bushels per acre this year.

Character The land is practically level, soil, dark loam, easily worked, covered with a luxurious growth of Buffalo and Gramma grasses. The state experimental station is located on the land. Here are successfully grown, Millett, Kaffir Corn, Oats, Rye, Sorghum, Alfalfa, Wheat and Vegetables without irrigation. The records at the experimental farm shows an average rainfall of 16-20 inches, or more than that of western North Dakota. Macaroni Wheat will grow successfully on every acre of these lands.

Prices of these lands are advancing very rapidly. I sold the first lot at \$1.65;

am selling now at \$1.85, next week the price will be \$2.00, and I have official notice from the company that on November 1st the price will be \$2.25 per acre. Everyone who visits the land buys. I have some samples of the products and soil in my office, and would be pleased to show them to anyone interested. These lands are being settled very rapidly and the outlook now, is there will not be an acre for sale at less than \$5.00 within 60 days. We take parties to examine the lands every Tuesday, leaving here at 1:05 p. m., and returning Saturday following at the same hour. Round trip tickets from Minneapolis \$26.40, which entitles holder to go to Denver if he so chooses.

A Pure, Speculation

Look Here The man who bought at \$1.65 an acre may sell next week for a profit of \$224.00

The terms of sale are \$175.00 cash, balance 10 years. Title perfect, all taxes paid. My office open 'till 10 o'clock evenings.

AFTER NOVEMBER 1ST, LANDS POSITIVELY ADVANCE TO \$2.25 PER ACRE.

TRAIN HITS A HANDCAR.

One Man Killed and Two Others Badly Injured.

Winnipeg, Man., Oct. 12.—Saturday seven men on a handcar were going home towards Ostersund, near Rat Portage, when they suddenly met a manufacturers' excursion train. Owing to a very strong gale, they did not hear its approach. All the men jumped and got clear of the car, which, in leaving the track, struck three of the men, killing one and badly injuring the other two.

Increase for Sheep Butchers.

Chicago, Oct. 12.—An agreement has been reached between the sheep butchers and the packers, by which the men will receive an increase of 25 cents a day. About 3,000 men in the packing centers of the country are benefited. Their wages now range from \$2 to \$4.75 a day.

Dividing Unionist Party.

London, Oct. 12.—The mixed reception given to Mr. Ritchie at Croydon is regarded as an indication that Mr. Chamberlain's scheme is taking hold of the country and is fiercely dividing the Unionist party. Incidentally Mr. Ritchie revealed that he was solely responsible for the abolition of the shilling duty on wheat.

RICHARD HENRY SAVAGE.

Noted Author and Soldier Dies in New York.

New York, Oct. 12.—Richard Henry Savage, the author and soldier, died in Roosevelt hospital last night as the result of injuries received on Oct. 3, when he was run over by a wagon in this city. Richard Henry Savage was born in Utica in 1846. He served in the Union army in 1861 and later served through the war with Spain, being senior major of the Second United States volunteer engineers. He was the first American flag in Havana.

Varnished Books.

"We have to varnish all our books in my country," said a Chinese. "Otherwise they would soon be eaten into a gray powder by a little black insect, like a beetle, that takes to books as a cat takes to ashes. Everybody in China when he receives a consignment of books from Europe or America mixes a little pot of varnish at once and proceeds to go at his books with it. This fluid is a perfect protection. It is made of creosote, Canada balsam, resin, spirit of wine and mastic."

FOOLED ALL FRANCE.

Impostor Made Paris Believe He Was Ambassador From Persia.

Toward the end of the year 1714 a certain Mehmet Rizebec, who called himself ambassador of the king of Persia, and the bearer of his commands, disembarked at Marseilles.

He was received at two leagues from Paris by the Baron de Breteuil, usher of ambassadors, and the Marshal de Matignon. On the 24th of January, 1715, he made his solemn entry into the capital with great pomp.

He declined the royal carriages generally used on such occasions and entered on horseback, preceded by the finest horses of the king's stables, superbly caparisoned and accompanied by trumpets and bands of music.

The ambassador, richly arrayed in the Persian costume, was attended by a numerous train of domestics and preceded by a herald bearing the Persian standard. The presents which he offered to the king were very considerable.

After passing a short time in France, during which he concluded, in the name of his pretended master, a treaty of alliance with Louis XIV., he sailed from Sweden and Denmark and was never heard of later.

Rizebec, according to the "Memoirs of the Reign of Louis XIV.," was a Portuguese who had never seen the prince he represented nor even visited

a single province of Persia. The government paid the expenses of his excellency, which amounted to 1,000 livres a day.—Mirror.

A Motto Gone Wrong.

King Francis I. of France, who reigned in the middle of the sixteenth century, dressed himself elaborately for the battle of Pavie, which he expected to win and thereby to become the master of Italy. An old chronicle says: "The king of France in his armor went about from squadron to squadron, and he wore over his mail a surcoat of brocade and brown velvet checker wise, with many F's embroidered thereon in velvet on the brocade and in brocade on the velvet and with cords of gold and brown silk. On his helmet he wore a great yellow and brown plume, the feathers drooping down to the horse's flanks, and from the midst of them rose a brown pennon with a red salamander, having above it a great gilt F and around it the words, 'This time and no more.' This motto he bore because he thought on that day certainly to make himself lord of Italy." However, he lost the battle and was taken prisoner.

The aborigines of Peru can, in the darkest night and in the thickest woods, distinguish respectively a white man, a negro and one of their own race by the smell.

HINDOO CUSTOMS

The Sword Plays a Prominent Part in Oaths and Marriages.

The sword plays many different roles in Hindoo manners and customs. There are certain warlike tribes among whom oaths taken over the sword are binding, while taken otherwise they are not. A similar sentiment prevails among some predatory classes of Europe, where oaths taken over their weapons of offense—a dagger, a poniard, a rapier—are considered binding. The idea with these classes seems to be that perjury committed after taking oaths over their weapons recoils; that they die by the weapon against which they perjure themselves.

In Benar, in India, women who are about to lead an irregular life marry a sword. This marriage in name, as an emblem of conjugal life, serves as a ray of consolation to them in the midst of their evil doings. In certain parts of India when a Hindoo is about to marry a third wife, which marrying is considered an ill omen, he carries a tree, for obviating the ill omen, before he marries the third lady.

In Kathiawar there is still the custom for rajput princes who are much married to marry other wives by means of a sword. They send over their sword to the bride's people. The bride is married to it with all the required pomp and splendor, the only difference being that the prince's sword becomes a substitute for him, the bridegroom. The legality of this marriage to a sword is indisputable. The bride married to it enters the rajput zenana as a legally married wife.

ARE YOU AFFLICTED WITH THE ITCH KING OF THE BLOOD ECZEMA

The prevalence of Eczema among the young and old is due to the introduction of poison into the blood. These pimples, sores and eruptions upon the face, neck and body are all caused by impure blood. ECZEMA is a living fire to the blood, and the blood fires the skin with the fuel of its impurities; remove the impurity and the trouble passes away. MEDICINE is a specific blood purifier that cleanses, filters and purifies the blood of every possible taint, and quickly and permanently cures Eczema. Thousands of well-known citizens in every section of the country have been cured by the MEDICINE treatment after all other remedies had failed. This is the reason that every bottle of MEDICINE is sold on the positive and absolute guarantee that it will cure.

Eczema on Face and Neck. Mrs. E. Clark, St. Joseph, Mo., writes: "I have been afflicted for years with pimples and blotches on my face and neck. I was a sight to look upon. After trying all the best known remedies for 18 months, I tried MEDICINE, and it cured me and my face is now free from pimples, blotches and all signs of Eczema. I have found an express order for another course of treatment for a friend of mine."

Eczema Permanently Cured. Mrs. Francis L. Cooley, Memphis, Tenn., says: "I write to tell you that my Eczema of twelve years' standing is cured. All the little pustular eruptions on my face and neck have disappeared. The skin of my body for years was covered with reddish spots and redness, which would come, while between my toes the feet would peel off, and the itching and burning at times was almost unbearable. I tried doctor's prescriptions and other sure cures with no success."

Write MEDICINE REMEDY CO., Duluth, Minn., for their system of treatment. All letters answered. Illustrated booklet containing testimonials of cures mailed free.

PRICE, \$1 PER BOTTLE. Send 50 cents prepaid if your druggist does not carry MEDICINE in stock. 6 BOTTLES FOR \$5.

Plans are already being made for the
annual memorial exercises of Brainerd
Lodge, No. 615, B. P. O. E., on the first
Sunday in December, and from present
indications it is more than likely that
they will be conducted on more extensive
plan this year than ever before.

Exalted Ruler Sanborn has been alert
in the matter of securing a speaker this
year and at this early date he is able to
announce that Hon. Albert H. Hall,
without doubt one of the very best
orators in the state, will be present to
deliver the memorial address. A pro-
gram befitting the occasion will be pre-
pared and it is expected that the opera
house will be filled to overflowing.

Thus far five members of the order
have died, Hon. A. F. Ferris, F. B. John-
son, John F. Murphy, of this city, and
E. A. Zuver, of Aitkin. This is the
largest number to pass away during any
one year since the organization of the
lodge, and each one of these brothers
were prominent in the order too. The
full program for the exercises will be
announced later.

THE REPAIR EASILY MADE

While the Break Down at the Pulp Mill is
Bad, it is Thought the Break will be
Fixed in a Short Time.

A crew of men is at work making the
repairs at the pulp mill of the North-
west Paper company after the break
down of a few days ago. It is thought
now that it will be possible to make all
necessary repairs so that the mill can
start up again in two weeks. The men
have been able to control the water and
this morning reduced the flow through
the channel so that it was possible to go
to work in the pit.

INDIANS ARE IN GOOD SPIRITS.

Deputy United States Marshal Tufts Re-
ports on Supposed Uprising on
Bear Island.

Deputy United States Marshal Tufts
was in the city yesterday on his way to
Duluth to attend a term of the United
States court. Mr. Tufts had just come
from Bear Island on the Leach Lake
reservation. He states that he left
there at 4 o'clock yesterday morning.
The Indians on this Island, he said,
were now in a more peaceful mood than
they had been for some time and he
did not think that there was any danger
of an uprising. It is true, he said, that
the Indians are dancing. A big crowd
of them had just returned from the
dances as he left the island but he says
that they were in a happy frame of
mind.

Meet in that City for October
Session.

Dr. J. A. Thabes, secretary of the
Upper Mississippi Medical society, has
sent out the announcements for the
October meeting, which will be held
this time at Wadena on Wednesday
afternoon. A paper will be read by Dr.
J. F. Avery, of Aitkin, on the "Causes
of Sudden Death;" Dr. L. M. Roberts, of
Little Falls, on "X-ray and its Application
in Fractures and Dislocations;" Dr. W. R. Morrison, Bemidji, "Tubercu-

MUSIC AND DRAMA.

"YON YONSON."

At the Brainerd theatre Thursday
evening, October 15 "Yon Yonson" will
be the attraction. P. P. Kennedy's
"Yon Yonson," which has won universal
success from the Atlantic to the Pacific,
having become known as the record
breaker on account of each year testing
the capacity of every theatre it plays at
and from all reports this season's busi-
ness has been larger than ever.

"Yon Yonson" will be presented by a
new company, it is said, and better than
any heretofore seen, with it being Mr.
Nelse Erickson, who has been named
the premier of all Swedish dialect
actors now upon the American stage.
Mr. Erickson possesses a sweet barytone
voice and introduces a number of songs
which he sings both in English and
Swedish.

The company includes Messrs I. M.
Little, Harry Bond, James C. Mack, W.
H. Konst, E. H. Bender, Harry Thorn-
dyke, Thos. O'Brien and Misses Helen
Ridgeway, Maud LePage, Madge Woods,
Minnie Sharp and Mae Bennett. It is
promised there will be many novelties
introduced in the presentation of the
play, while many new features have
been added. The imperial comedy four
quartette who will offer a budget of new
and up-to-date ballads.

"THE NEW DOMINION."

Lovers of all that is highest and best
in modern drama will welcome the ap-
pearance here of Mr. Clay Clement in
his own comedy, "The New Dominion."
Mr. Clement will appear at the Brainerd
Opera House on Tuesday, Oct. 20th.
"The New Dominion" is a love song by
one who reverences emotion. It is ten-
der, sweet and beautiful and awakens
that glad happiness of heart that fol-
lows upon a good thought nobly execut-
ed. Mr. Clay Clement in the role of
Baron von Hohenstauffen is the person-
ification of the simple, manly and lofty
character of the student and the gentle-
man. He is an artist and a thorough
one. It is Mr. Clement's farewell tour
in "The New Dominion" so don't miss
seeing it and you will enjoy it.

SIS HOPKINS.

This clever comedy comes to the
Brainerd theatre during October. Miss
Rose Melville plays the title role and is
adding to her fame as one of the most
gifted character actresses in the United
States. The comedy has been before
the public five seasons and each year
has added to its reputation as a play
which is delightfully unconventional in
its humor and at the same time clean
and wholly lacking in forced situations.
It is a play of human interest. Sis Hop-
kins' homely philosophy, bluntly spoken
and keenly edged, is deeply enjoyed,
especially as it is all directed to the dis-
comfiture of the villain.

"THE BURGMASSTER."

The merry musical jingle, "The
Burgmaster" brim full of the brightest
songs, dances, etc., and a great cast
comes to the Brainerd theatre during
the early part of the season.

TWO VESSELS LOST

TREACHEROUS SHOALS OFF CAR- OLINA COAST CLAIM THEIR QUOTA OF CRAFT.

BARGE ORACLE GOES DOWN

ALL OF THE FIVE PERSONS ON BOARD THE WRECKED VES- SEL ARE DROWNED.

Norfolk, Va., Oct. 13.—The first
news from the Carolina coast since the
beginning of the hurricane last Thurs-
day, dispels the hope that the treacher-
ous shoals between Currituck and
Hatteras have not claimed their quota of
the craft.

Two vessels are known to have
been lost on that stretch of the coast
and further reports are expected to
bring news of more wrecks, as at this
time three schooners are missing,
with one barge. Two schooners and a
barge in addition to those wrecked
between Cape Henry and Dam Neck
were lost during Thursday.

The crew of the schooner were re-
scued, but the barge went down with
all hands on board.

The tug Baccaneer, Captain Joseph
Lane, reports that the barge Oracle
foundered off Cape Henry with Cap-
tain Cookson, her cook and three sea-
men, all white. The tug sailed from
Baltimore, towing the Oracle, which
was coal laden. Off Hog Island the
storm struck her on Thursday and the
barge went down. The tug could not
approach the barge in the heavy sea.

Observer A. W. Drinkwater of the
Currituck station reached Norfolk
Monday by the inland route and re-
ported the loss of the schooners Mabel
Rise and J. W. Holden Thursday and
Friday.

Saturday the life savers succeeded
in stretching a line across the wreck
of the Rise and rescued the captain
and crew of seven men. It is esti-
mated that the cargo of lumber car-
ried by the schooner Rise was worth
more than \$50,000.

The three-masted schooner J. W.
Holden of Suffolk is ashore near False
Cape Va., and is a total loss. Her
captain and crew were taken off by the
lifesavers.

The Holden was heavily laden with
lumber and an attempt to save at
least a portion of her cargo will be
made.

The schooners Isabella Gill, Mary
Lee Patton and Jennie Thomas, bound
from the South for Baltimore, are not
accounted for.

The wires to the coast are down,
but there is grave reason to fear for
the safety of these vessels.

FLOODS ARE RECEDING.

New Jersey Towns Relieved of Fur-
ther Peril.

New York, Oct. 13.—With the reced-
ing of the floods, reported from all
quarters, Paterson, Passaic and the
other water-swept New Jersey towns
are relieved of further peril and are
beginning now to get a clear idea of
the extent of the devastation.

In Paterson alone the damage to
property is estimated at \$2,000,000,
without taking account of the loss in
wages to the thousands who have
been temporarily deprived of occupa-
tion by the shutting down of fac-
tories.

Last night the water was reported
to have fallen four feet below the high-
est mark and the only possible source
of damage would be the bursting of the
great water mains which were under-
mined by the flood. The distress
continues great, and last night fully
500 persons were still compelled to
seek food and shelter in the armory.
No additional fatalities have been re-
ported.

In Passaic the damage is estimated
to be at least equal to that in Pat-
erson.

Many adjacent villages still are un-
der water, but with the falling of the
waters all danger of a collapse of the
great Dundee dam is declared to be
past.

Traffic was resumed during the day
on all the railroad lines entering New
York with the exception of one. The
milk famine in the city was broken
by the arrival of the usual number of
milk trains.

RAMAPO RIVER SUBSIDING.

Several Small Dams and Bridges
Swept Away.

Tuxedo Park, N. Y., Oct. 13.—The
Ramapo river, after rising higher than
ever before, so far as existing records
show, and sweeping away many small
dams, several bridges and houses and
a section of the Erie railroad track,
is now slowly subsiding, and the
Tuxedo dam, which it was feared
could not withstand the flood, is now
considered safe. So far as known only
two lives were lost. George Noxon
and a companion, employed on E. H.
Harriman's estate at Arden, when
driving home from Central Valley,
were overtaken by the flood and
drowned. Of the damage to property
along the course of the Ramapo no
estimate can yet be made. The vil-
lage of Ramapo was nearly obliterated
by the overflowing of Pierson's lake
and the breaking of the dam at its
lower end. The cottage dwellers fled
to the hills and have been looked after
by those whose homes were on higher
ground.

APPEAL IN KNAPP CASE.

Transcript Filed Shortly Before Expi-
ration of Time Limit.

Hamilton, O., Oct. 13.—The case of
Alfred Knapp, sentenced to be electro-
cuted Dec. 12 for the murder of his
wife, Hannah Goddard Knapp, was
Monday afternoon appealed to the
circuit court on error. The transcript
was filed three hours before the expira-
tion of the forty days allowed by law
for filing a petition in error.

FEVER CASES INCREASE.

Physicians Not Surprised at Large
Number of Sick.

Laredo, Tex., Oct. 13.—During the
past twenty-four hours there has been
a larger number of yellow fever cases
than on any day since the outbreak of
the epidemic here. The physicians,
however, are not surprised at the large
number of cases Monday, and concur
in the opinion that it may be but the
beginning of the end.

The official bulletin of the health de-
partment issued last night is as fol-
lows:

New cases, 35; deaths, none; total
number cases to date, 245; total
deaths to date, 10.

The official report from Minera, a
mining town, twenty-eight miles from
this city, shows that there have been
twenty-five cases Sunday and Monday,
with no deaths. The total number of
cases to date at Minera is sixty-one,
with three deaths.

No report beyond the fact that the
condition of United States Consul
Alonso B. Garrett is much improved,
has been received from Nuevo Laredo,
Mex.

Reports from Monterey, covering the
past week, indicate that affairs have
taken a serious turn.

On Wednesday, last, there were four
deaths and six new cases of fever and
on Thursday seven deaths occurred
and nine cases termed "auspicious" were
reported.

On Saturday four deaths occurred,
one case of genuine fever developed
and there were six suspects reported.
All the deaths occurred among the
poorer classes of Mexicans.

The spread of the disease is said to
be due to the unfavorable weather.

Reports from Linares, Mex., and
Victoria state that the yellow fever
epidemic is gradually disappearing.

INTERESTING MANEUVER.

Brown and Blue Forces Once More in
Action.

Camp Young, West Point, Ky., Oct.
13.—Monday's maneuver, participated
in solely by regulars, was an interest-
ing one, the problem being devised to
fit a peculiar local condition. The
plans of Colonel Wagner, chief umpire,
called for the passage of a long
and tortuous defile by a force acting
as the advance guard of the invading
brown army, the attempt to be resisted
by the rear guard of the retreating
blue army. The main bodies which
the forces represented were imaginary.
The blue rear guard was acting under
orders to impede and harass the
brown advance as much as possible
without bringing on a serious engage-
ment and being cut off from the main
command.

The blue rear guard, consisting of a
regiment of infantry, a squadron of
cavalry and four field pieces during
the course of the engagement, suc-
ceeded in delaying the advance of
the brown force to such an extent that
it was about two hours before the last
of the brown advance could get clear
of the defile. This hardly would have
been a sufficient impediment in actual
warfare.

RECORD-BREAKING RUN.

General Passenger Agents Treated to
a Fast Trip.

New Orleans, Oct. 13.—Nearly 100
general passenger agents from all
parts of the country who arrived here
last night on a special Illinois Cen-
tral train to attend the forty-eighth
annual convention of the American
association of general passenger and
ticket agents, were treated to a record-
breaking ride which they will long
remember.

The run was the most remarkable
in the history of Southern railroads—
189 miles were made in 187 minutes,
105 miles in 90 minutes, including
stops, and 396 miles 420 minutes ex-
clusive of stops. At times and for
short distances of one mile and under,
the speed indicator in the observation
car indicated 94.4 miles per hour. Ac-
cording to speed tests made by the
Pennsylvania railroad, this is within
six-tenths of a mile of being as fast
as it is possible to run a modern pas-
senger train.

The train was composed of engine,
buffet library cars, diner, five stand-
ard Pullmans and an observation car.

THREE BOYS DROWNED.

Youthful Hunters Lose Their Lives by
Capsizing of Boat.

Willmar, Minn., Oct. 13.—While out
hunting Alvin Birch, the sixteen-year-
old son of Postmaster Birch of this
place, and two companions, Arthur
Cramer, fourteen years of age, and
eighteen-year-old Palmer Telstad were
drowned.

The three boys with their dog at-
tempted to cross Foot lake in a light
hunting boat during a heavy storm.
Later in the day the dog returned
without the boys and a searching
party started for the lake, in the mid-
dle of which they found the overturned
boat.

No one knows whether the boat was
capsized or whether the boys lost their
oars, as no one saw the accident.

Searching parties are dragging the
lake and sixteen sticks of dynamite
have been used, which brought up the
body of young Birch.

THE KISHINEFF MASSACRE.

Mrs. Steinberg Tells of Some Horrible
Atrocities.

Des Moines, Ia., Oct. 13.—After a
journey of six weeks, Mrs. Esther
Steinberg and her three children, who
were hidden in the cellar of a Chris-
tian home for three days during the
Kishineff massacre in Russia, have ar-
rived in Des Moines to join Mr. Stein-
berg. Mrs. Steinberg brought pic-
tures taken after the worst of the mas-
sacre and confirms all of the stories
of horror. She says the reports were
mild compared with the awful facts.
She saw a woman with a spike driven
into her skull, women disemboweled
and hot pitch poured into their
wounds, and men and women slashed
and crushed and left lying in the
streets.

Factory Destroyed.

Harrisburg, Pa., Oct. 13.—The build-
ing of Boll Bros., manufacturers of
mattresses and iron and brass beds,
was completely destroyed by fire last
night, involving a loss of \$100,000. The
state printing office took fire and was
damaged to the extent of \$4,000.

CONSPIRACY ALLEGED.

Earl Ellsworth Arrested in Connec-
tion With a Triple Crime.

Chicago, Oct. 13.—Earl Ellsworth,
aged twenty-four years, was arrested
here Monday as the result of an alleged
confession which detectives ob-
tained by pretending to be his friends.

Eighteen months ago, at Woodstock,
Ill., Benjamin Ellsworth, Earl's father,
finding his wife in company with
Amos Anderson, shot and killed both.
and then, according to Earl Ellsworth,
who gave the police the story, the old
man committed suicide. Earl ad-
mitted having advised his father to
kill the couple and at the time was
arrested as an accessory, but was al-
lowed to go, public sentiment gener-
ally being in his favor.

An insurance company, however,
being liable for \$6,000 insurance which
the elder Ellsworth carried, decided to
investigate.

The talk which young Ellsworth
had with the detectives and which was
overheard by witnesses secreted in an
adjacent room, is said to have cleared
Ellsworth's mother of the charge of
faithlessness and to have opened to
fact the statement that the senior
Ellsworth killed himself. It is said
there was a conspiracy to obtain the
insurance money. Earl Ellsworth and
two prominent citizens of Woodstock
being involved, and the statement that
the killing of Anderson and Mrs. Ell-
sworth was by the elder Ellsworth is
laid open to question.

ARCHBISHOP KAIN DYING.

St. Louis Prelate Lying in a State of
Coma.

Baltimore, Md., Oct. 13.—Archbishop
John Joseph Kain of St. Louis, who is
a patient at St. Agnes sanitarium, was
reported at 1 a. m. to be in a state of
coma.

At 3:30 a. m. there was no change
in the condition of Archbishop Kain.
His death is expected at any moment.

TELEGRAPHIC BREVITIES.

Count Cassini, the Russian ambas-
sador, expects to return to Washing-
ton about the middle of November.

It is announced that the call for the
extraordinary session of congress to
meet Nov. 9 will be issued probably on
the 20th inst.

Mrs. Sherman, the mother-in-law of
Mr. Bradley-Martin, died at the lat-
ter's country place at Balmacaan, In-
vernesshire, Eng., Monday.

Captain S. I. Stauber, first Lieuten-
ant in charge of the troop of Michigan
cavalry that captured Jefferson Davis,
is dead at Hutchinson, Kan.

A young man named James Hughes
committed suicide by drinking car-
bolic acid at St. Paul Monday. A love
affair is thought to have prompted the
act.

Thomas Murray, until a few years
ago rated as a millionaire, and who
had made most of his fortune dealing
in second-hand goods, died in a shack
in Omaha Monday.

Colonel Daniel E. Boone, the celeb-
rated trainer of wild animals, died in
San Francisco Monday after a long
illness, aged sixty-two years. He was
born in Kentucky.

Three men were caught under a
falling clay bank at the Tennessee
prison brickyards at Nashville Mon-
day, and one man is dying and the
other two are badly hurt.

Investigating Committee Recommends
Grand Jury Be Called.

Kansas City, Mo., Oct. 13.—At a
meeting of the Mercantile club in
Kansas City, Kan. last night, the
committee appointed to investigate the
alleged handling of members of the
school board of that city, submitted a
report recommending that a grand
jury be called to probe the alleged
school board scandal. The report of
the committee gives in detail the his-
tory of the various transactions which
form the basis for the charges against
certain members of the school board,
including a written statement from
Professor Sawtell of Emporia, Kan.,
who charges that he was asked to pay
\$300 for the position of principal of
the high school in Kansas City, Kan.,
with the understanding that the salary
attached to the position was to be
raised from \$1,500 to \$1,600 a year.
The committee also recommends
that civil suit should be instituted to
recover money paid out by the school
board in certain contracts in which
excessive charges were the rule.

TWO VESSELS LOST

**TREACHEROUS SHOALS OFF CAR-
OLINA COAST CLAIM THEIR**

QUOTA OF CRAFT.

BARGE ORACLE GOES DOWN

**ALL OF THE FIVE PERSONS ON
BOARD THE WRECKED VES-
SEL ARE DROWNED.**

Norfolk, Va., Oct. 13.—The first
news from the Carolina coast since the
beginning of the hurricane last Thurs-
day, dispels the hope that the treacher-
ous shoals between Currituck and
Hatteras have not claimed their quota
of the craft.

Two vessels are known to have
been lost on that stretch of the coast
and further reports are expected to
bring news of more wrecks, as at this
time three schooners are missing,
with one barge. Two schooners and
a barge in addition to those wrecked
between Cape Henry and Dam Neck
were lost during Thursday.

The crew of the schooner were re-
scued, but the barge went down with
all hands on board.

The tug Baccaneer, Captain Joseph
Lane, reports that the barge Oracle
foundered off Cape Henry with Cap-
tain Cookson, her cook and three sear-
men, all white. The tug sailed from
Baltimore, towing the Oracle, which
was coal laden. Off Hog Island the
storm struck her on Thursday and the
barge went down. The tug could not
approach the barge in the heavy sea.

Observer A. W. Drinkwater of the
Currituck station reached Norfolk
Monday by the inland route and re-
ported the loss of the schooners Mabel
Rise and J. W. Holden Thursday and
Friday.

Saturday the life savers succeeded
in stretching a line across the wreck
of the Rise and rescued the captain and
crew of seven men. It is esti-
mated that the cargo of lumber car-
ried by the schooner Rise was worth
more than \$50,000.

The three-masted schooner J. W.
Holden of Suffolk is ashore near False
Cape, Va., and is a total loss. Her
captain and crew were taken off by
the life-savers.

The Holden was heavily laden with
lumber and an attempt to save at
least a portion of her cargo will be
made.

The schooner Isabella Gill, Mary
Lee Patton and Jennie Thomas, bound
from the South for Baltimore, are not
accounted for.

The wires to the coast are down,
but there is grave reason to fear for
the safety of these vessels.

FLOODS ARE RECEDING.

**New Jersey Towns Relieved of Fur-
ther Peril.**

New York, Oct. 13.—With the re-
ceding of the floods, reported from all
quarters, Paterson, Passaic and the
other water-swept New Jersey towns
are relieved of further peril and are
beginning now to get a clear idea of
the extent of the devastation.

In Paterson alone, the damage to
property is estimated at \$2,000,000,
without taking account of the loss in
wages to the thousands who have
been temporarily deprived of occupa-
tion by the shutting down of fac-
tories.

Last night the water was reported
to have fallen four feet below the high-
est mark and the only possible source
of damage would be the bursting of the
great water mains which were under-
mined by the flood. The distress
continues great, and last night fully
500 persons were still compelled to
seek food and shelter in the armory.
No additional fatalities have been re-
ported.

In Passaic the damage is estimated
to be at least equal to that in Pat-
erson.

Many adjacent villages still are
under water, but with the falling of
the waters all danger of a collapse of
the great Dundee dam is declared to be
past.

Traffic was resumed during the day
on all the railroad lines entering New
York with the exception of one. The
milk famine in the city was broken
by the arrival of the usual number of
milk trains.

RAMAPO RIVER SUBSIDING.

**Several Small Dams and Bridges
Swept Away.**

Tuxedo Park, N. Y., Oct. 13.—The
Ramapo river, after rising higher than
ever before, so far as existing records
show, and sweeping away many small
dams, several bridges and houses and
a section of the Erie railroad track,
is now slowly subsiding, and the
Tuxedo dam, which it was feared
could not withstand the flood, is now
considered safe. So far as known, only
two lives were lost, George Noxon
and a companion, employed on E. H.
Harriman's estate at Arden, when
driving home from Central Valley,
were overtaken by the flood and
drowned. Of the damage to property
along the course of the Ramapo no
estimate can yet be made. The vil-
lage of Ramapo was nearly obliterated
by the overfowing of Plerson's lake
and the breaking of the dam at its
lower end. The cottage dwellers fled
to the hills and have been looked after
by those whose homes were on higher
ground.

APPEAL IN KNAPP CASE.

**Transcript Filed Shortly Before Expi-
ration of Time Limit.**

Hamilton, O., Oct. 13.—The case of
Alfred Knapp, sentenced to be electro-
cuted Dec. 12 for the murder of his
wife, Hannah Goddard Knapp, was
Monday afternoon appealed to the
circuit court on error. The transcript
was filed three hours before the expi-
ration of the forty days allowed by law
for filing a petition in error.

FEVER CASES INCREASE.

**Physicians Not Surprised at Large
Number of Sickness.**

Laredo, Tex., Oct. 13.—During the
past twenty-four hours there has been
a larger number of yellow fever cases
than on any day since the outbreak of
the epidemic here. The physicians,
however, are not surprised at the large
number of cases Monday, and concur
in the opinion that it may be but the
beginning of the end.

The official bulletin of the health de-
partment issued last night is as fol-
lows:

New cases, 35; deaths, none; total
number cases to date, 245; total
deaths to date, 10.

The official report from Minera, a
mining town, twenty-eight miles from
this city, shows that there have been
twenty-five cases Sunday and Monday,
with no deaths. The total number of
cases to date, Minera, is sixty-one,
with three deaths.

No report from the fact that the
condition of United States Consul
Alonso B. Garrett, much improved,
has been received from Nuevo Laredo,
Mex.

Reports from Monterey, covering the
past week, indicate that affairs have
taken a serious turn.

On Wednesday last, there were four
deaths and six new cases of fever and
on Thursday seven deaths occurred
and nine cases termed "suspicious" were
reported.

On Saturday four deaths occurred,
one case of genuine fever developed
and there were six suspects reported.
All the deaths occurred among the
poorer classes of Mexicans.

The spread of the disease is said to
be due to the unfavorable weather.

Reports from Linares, Mex., and
Victoria state that the yellow fever
epidemic is gradually disappearing.

INTERESTING MANUEVER.

**Brown and Blue Forces Once More in
Action.**

Camp Young, West Point, Ky., Oct.
13.—Monday's maneuver, participated
in solely by regulars, was an interest-
ing one, the problem being devised to
fit a peculiar local condition. The
plans of Colonel Wagner, chief im-
pire, called for the passage of a long
and tortuous defile by a force acting
as the advance guard of the invading
brown army, the attempt to be resisted
by the rear guard of the retreating
blue army. The main bodies which
the forces represented were imaginary.
The blue rear guard was acting under
orders to impede and harass the
brown advance as much as possible
without bringing on a serious engage-
ment and being cut off from the main
command.

The blue rear guard, consisting of a
regiment of infantry, a squadron of
cavalry and four field pieces during
the course of the engagement, suc-
ceeded in delaying the advance of
the brown force to such an extent that
it was about two hours before the last
of the brown advance could get clear
of the defile. This hardly would have
been a sufficient impediment in actual
warfare.

RECORD-BREAKING RUN.

**General Passenger Agents Treated to
a Fast Trip.**

New Orleans, Oct. 13.—Nearly 100
general passenger agents from all
parts of the country who arrived here
last night on a special Illinois Cen-
tral train to attend the forty-eighth
annual convention of the American
association of general passenger and
ticket agents, were treated to a record-
breaking ride which they will long
remember.

The run was the most remarkable
in the history of Southern railroads—
189 miles were made in 187 minutes,
105 miles in 90 minutes, including
stops, and 396 miles 420 minutes ex-
clusive of stops. At times and for
short distances of one mile and under,
the speed indicator in the observation
car indicated 94.4 miles per hour. Ac-
cording to speed tests made by the
Pennsylvania railroad, this is within
six-tenths of a mile of being as fast
as it is possible to run a modern pas-
senger train.

The train was composed of engine,
buffet, library cars, diner, five stand-
ard Pullmans and an observation car.

THREE BOYS DROWNED.

**Youthful Hunters Lose Their Lives by
Capsizing of Boat.**

Willmar, Minn., Oct. 13.—While out
hunting Alvin Birch, the sixteen-year-
old son of Postmaster Birch of this
place, and two companions, Arthur
Cramer, fourteen years of age, and
eighteen-year-old Palmer Telstad were
drowned.

The three boys with their dog at-
tempted to cross Foot lake in a light
hunting boat during a heavy storm.
Later in the day the dog returned
without the boys and a searching
party started for the lake, in the mid-
dle of which they found the overturned
boat.

No one knows whether the boat was
capsized or whether the boys lost their
oars, as no one saw the accident.

Searching parties are dragging the
lake and fifteen sticks of dynamite
have been used, which brought up the
body of young Birch.

THE KISHINEFF MASSACRE.

**Mrs. Steinberg Tells of Some Horrible
Atrocities.**

Des Moines, Ia., Oct. 13.—After a
journey of six weeks, Mrs. Esther
Steinberg and her three children, who
were hidden in the cellar of a Chris-
tian home for three days during the
Kishineff massacre in Russia have ar-
rived in Des Moines to join Mr. Stein-
berg. Mrs. Steinberg brought pic-
tures taken after the worst of the mas-
sacre and confirms all of the stories
of horror. She says the reports were
mild compared with the awful facts.
She saw a woman with a spike driven
into her skull, women disemboweled
and hot pitch poured into their
wounds, and men and women slashed
and crushed and left lying in the
streets.

Factory Destroyed.

Harrisburg, Pa., Oct. 13.—The build-
ing of Boll Bros., manufacturers of
mattresses and iron and brass beds,
was completely destroyed by fire last
night, involving a loss of \$100,000. The
state printing office took fire and was
damaged to the extent of \$4,000.

CONSPIRACY ALLEGED.

**Earl Ellsworth Arrested in Connec-
tion With a Triple Crime.**

Chicago, Oct. 13.—Earl Ellsworth,
aged twenty-four years, was arrested
here Monday as the result of an alleged
confession which detectives ob-
tained by pretending to be his friends.
Eighteen months ago, at Woodstock,
Ill., Benjamin Ellsworth, Earl's father,
finding his wife in company with
Amos Anderson, shot and killed both,
and then, according to Earl Ellsworth,
who gave the police the story, the old
man committed suicide. Earl ad-
mitted having advised his father to
kill the couple and at the time was
arrested as an accessory, but was al-
lowed to go, public sentiment gener-
ally being in his favor.

An insurance company, however,
being liable for \$6,000 insurance which
the elder Ellsworth carried, decided to
investigate.

The talk which young Ellsworth
had with the detectives and which was
overheard by witnesses seated in an
adjacent room, is said to have cleared
Ellsworth's mother of the charge of
falseness and to have set open to
doubt the statement that the senior
Ellsworth killed himself. It is said
there was a conspiracy to obtain the
insurance money. Earl Ellsworth and
two prominent citizens of Woodstock
being involved, and the statement that
the killing of Anderson and Mrs. Ells-
worth was by the older Ellsworth is
laid open to question.

ARCHBISHOP KAIN DYING.

**St. Louis Prelate Lying in a State of
Coma.**

Baltimore, Md., Oct. 13.—Archbishop
John Joseph Kain of St. Louis, who is
a patient at St. Agnes sanitarium, was
reported at 1 a. m. to be in a state of
coma.

At 3:30 a. m. there was no change
in the condition of Archbishop Kain.
His death is expected at any moment.

TELEGRAPHIC BREVITIES.

Count Cassini, the Russian ambas-
sador, expects to return to Washing-
ton about the middle of November.

ant in charge of the troop of Michigan
cavalry that captured Jefferson Davis,
is dead at Hutchinson, Kan.

A young man named James Hughes
committed suicide by drinking car-
bolic acid at St. Paul Monday. A love
affair is thought to have prompted the
act.

Thomas Murray, until a few years
ago rated as a millionaire, and who
had made most of his fortune dealing
in second-hand goods, died in a shack
in Omaha Monday.

Colonel Daniel E. Boone, the celeb-
rated trainer of wild animals, died in
San Francisco Monday after a long
illness, aged sixty-two years. He was
born in Kentucky.

Three men were caught under a
falling gas bank at the Tennessee
prison brickyard at Nashville Mon-
day, and one man is dying and the
other two are badly hurt.

TO PROBE ALLEGED SCANDAL.

Investigating Committee Recommends
Grand Jury Be Called.

Kansas City, Mo., Oct. 13.—At a
meeting of the Mercantile club in
Kansas City, Kan., last night, the
committee appointed to investigate the
alleged boodles of members of the
school board of that city, submitted a
report recommending that a grand
jury be called to probe the alleged
school board scandal. The report of
the committee gives in detail the his-
tory of the various transactions which
form the basis for the charges against
certain members of the school board,
including a written statement from
Professor Sawtell of Emporia, Kan.,
who charges that he was asked for
\$300 for the position of principal of
the high school in Kansas City, Kan.,
with the understanding that the salary
attached to the position was to be
raised from \$1,500 to \$1,600 a year.

The committee also recommends
that civil suit should be instituted to
recover money paid out by the school
board in certain contracts in which
excessive charges were the rule.
